## Who we Are

Stelastek is a world leading cybersecurity firm. Let us help you focus on the bigger picture while we keep your network safe and secure. We have multiple cybersecurity professionals ready to create and implement cybersecurity plans that are uniquely developed for each of our customers to suit their business needs.

## Past Performance

### **Dentons Law Firm:**

Managed endpoint security, responded to phishing incidents, and configured network security devices

### **Lewis & Clark Bank**

Configured and implemented security controls on financial systems and equipment while maintaining financial and regulatory compliance

### **Hawaii Department of Education:**

Configured, managed, and secured backend and frontend infrastructure.

**CMMC Level 3 Certified**

**NIST SP 800-171 Compliant**

## Expertise

At Stelastek we employ top of the line experts and utilize cutting edge tools to provide you with the best cybersecurity measures possible. We are NIST SP 800-171 compliant and CMMC level 3 certified. Our number one priority is the satisfaction of our customers and the safety of their data.
